Theme : Innovate. Integrate. Implement.

Date

NOVEMBER 14TH - 15TH 2025

Venue

**AURIKA, SKYCITY,
MUMBAI, INDIA**

Invitation Message

Distinguished Seniors, colleagues, delegates, and friends,

Namaskaar and a heartfelt welcome to the **20th Congress of the Asian Association of Transfusion Medicine (AATM) and the 5th Joint Meeting of AATM–AABB (Association for the Advancement of Blood & Biotherapies).**

This year's theme - **“Innovate, Integrate, Implement”** perfectly encapsulates our collective journey and aspirations in the fields of Transfusion Medicine and Biotherapies. It is a moment of pride and reflection as we celebrate two decades of AATM's contributions and mark another chapter in our enriching collaboration with the Association for the Advancement of Blood & Biotherapies (AABB).

The 20th AATM Congress is not just a milestone, it is a **testament to the progress** we've made together in advancing transfusion science across Asia and beyond. Equally, the 5th Joint Meeting with AABB stands as a symbol of global unity, emphasizing the importance of international collaboration in strengthening clinical practice, research, and patient care.

We are delighted to welcome a diverse and distinguished gathering of professionals from around the world. This meeting brings together experts in transfusion medicine, hematology, immunology, transplantation, virology, clinical research, and public health policy. Together, we have a unique opportunity to share insights, learn from one another, and forge meaningful partnerships.

Over the course of this Congress, we will immerse ourselves in dynamic discussions, groundbreaking presentations, hands-on workshops, and networking events—each designed to drive innovation and foster collaboration. The theme of this year's event speaks to our unified goal: enhancing patient outcomes through safer, smarter, and more integrated healthcare solutions.

We are honored to host renowned keynote speakers and thought leaders who will share pioneering research and inspire new perspectives. Their expertise and vision will no doubt ignite enriching dialogue and guide our path forward.

And what better place to host this landmark event than **Mumbai** - a city of boundless energy, cultural richness, and modern dynamism. From the historic Gateway of India to the charm of Marine Drive, Mumbai offers an unforgettable blend of tradition and transformation, much like the journey of our own field.

The Organising Committee is committed to ensuring a seamless and enriching experience for all delegates. We hope you leave this Congress not only with new knowledge and ideas but also with renewed enthusiasm to implement these advancements in your practice and institutions.

Thank you for being part of this significant event. Together, let us make the 20th AATM Congress and 5th AATM–AABB Joint Meeting a truly memorable and impactful experience.

Welcome once again—and let the spirit of innovation and collaboration guide our days ahead.

Dr. Gajendra N. Gupta
Conference Chair

Dr. Nidhi Mehta
Organizing Committee Chair
